IT IS NOTICED, that there are tens of thousands of people internationally classified as “Migrants”, coming from Honduras, San Salvador and Guatemala towards the Southern Border of the State of Texas.

The Government of The United States of America does not recognize the classification of “Migrants” manufactured by the tripartite “Empire of the City” and noticed through the United Nations by various Human Rights Commissions.

The various Human Rights Commissions in various regions are not with the authority to use Human Rights to aide in an invasion of a country that are violating the basic principles of the Law of Nations thereby using Human Rights as a political tool to cover up international crimes.

The civilians are being used to create an international precedence of “No borders and Boundaries” for future invasions involving militants, therefore the conclusion can only be that the people in this caravan are nothing more than cannon fodder for a larger invasion like what happened to the European countries. Using Civilians as cannon fodder is a war crime. Each Human Rights Commission is responsible for these War Crimes.

Order lodged into the International Record of the International Community

1: Any and all Human Rights Commissions are hereby ordered to stand down or suffer the consequences of War Crimes on their permanent records.

AUTHORIZATION

1: The Militias, the U.S Military and any other force is hereby authorized to shut the Southern Border down completely without fear of any Human Rights Violations charged against them by any and all Human Rights Commissions. .

2: Any and all use of force necessary to stop this orchestrated invasion is hereby authorized. Any and all that use this authorized force are immune from war crimes and held harmless by the Law of Nations through the War Crimes Tribunal. Protecting Borders is not a War Crime.

3: If any of the participants of the caravan get past the southern border, they are not to receive any assistance, food, water or shelter because this Fabian strategy shall not stand. Those internationals funding this invasion shall bear the full and total expense of capture, and deportation of said civilians. Any assistance makes the aide and comforter a part of the War Crime of using Civilians as cannon fodder thereby aiding and abetting a carefully orchestrated invasion of the country by the discipline of the Fabian strategy. Those funding this invasion shall bear the full brunt of the expense of shutting down the southern border and the protection necessary to keep the border secured.

4: The perpetrators of this War Crime are hereby ordered to reverse the bonds and funding for this War Crime and cancel all trading, interest and selling of said bonds. Any and all investors are hereby under arrest for perpetrating War Crimes against Civilians. Any and all issuers of said bonds are hereby under arrest for forcing a Military confrontation against civilians.

It is hereby Noticed, Ordered and Authorized on the 20th day of October, 2018,

office of the Governor for the Government of The United States of America and Head of State of The United States of America,
